YES

With respect to private offerings of securities, the list shall also indicate the identity of the persons who purchased securities in such private offering; *provided, however*, that in the event that any such person is an entity, the list shall also indicate (a) the identity of each natural person beneficially owning, directly or indirectly, more than ten percent (10%) of any class of equity securities of such entity and (b) to the extent not otherwise disclosed, the identity of each natural person who controlled or directed, directly or indirectly, the purchase of such securities for such entity.

5) Financial Statements

Provide the financial statements described below for the most recent fiscal year end or quarter end to maintain qualification for the OTC Pink Current Information tier

- A. Balance sheet;
- B. Statement of income;
- C. Statement of Stockholders' Equity (Deficit)
- D. Statement of cash flows;
- E. Financial statement notes;

FINANCIAL STATEMENTS AND FOOTNOTES ARE APPENDED TO THIS DOCUMENT

6) Describe the Issuer's Business, Products and Services

Describe the issuer's business so a potential investor can clearly understand the company. In answering this item, please include the following:

- A. A description of the issuer's business operations;

HEMP, INC.'S PRIMARY FOCUS IS ON INDUSTRIAL HEMP AND MYRIAD OF CLEAN, GREEN SUSTAINABLE PRODUCTS THAT INDUSTRIAL HEMP OFFERS TO THE WORLD.

Now LEGALIZED, North Carolina will be home to the only industrial hemp commercial decortication facility in the United States, owned and operated by Hemp, Inc. On October 31, 2015, North Carolina's governor, Pat McCrory, passed Senate Bill 313 (by not vetoing it) as "an act to recognize the importance and legitimacy of Industrial Hemp research, to provide for compliance with portions of the Federal Agricultural Act of 2014, and to promote increased agricultural employment."

More states are recognizing the benefits of industrial hemp, which is why we are seeing more and more states pass an industrial hemp bill in favor of industrial hemp. With the largest commercial decortivating plant in the United States, every advancement in the industrial hemp industry reinforces Hemp, Inc.'s advantage in the marketplace because the company is years ahead of the curve. Hemp, Inc.'s subsidiary, Industrial Hemp Manufacturing, LLC (IHM), is also becoming known throughout the industry as a leader in this sector.

Farmers in North Carolina now have the option to cultivate hemp crops with easy access to Hemp, Inc.'s (OTC PINK: HEMP) multipurpose industrial hemp commercial processing facility in Spring Hope, NC. With that being said, the company's primary focus has been on building the infrastructure for the largest industrial hemp processing facility in North America.

In terms of generating revenue, the hemp processing facility is expected to substantially outweigh revenues from the company's product line, which is why the primary focus has been on the plant.

Not only is Hemp, Inc.'s commercial decortication facility the only one in the U.S. that will be able to process raw hemp or kenaf on a large scale, the company is also producing lost circulation material (LCM) for the oil and drilling industries. That's very lucrative partly because LCMs are currently hard to source.

Hemp, Inc. is also very excited at the possibility of growing their own 50 acres of hemp in the spring of 2017, next to their 70,000 square foot industrial hemp processing plant. A tour of this hemp grow, as well as a tour of the facility, will be part of a monthly one-day seminars being offered through Hemp, Inc.'s "Hemp University". Hemp, Inc. is also partnering with land owners and farmers across North Carolina to grow hemp.

Hemp, Inc.'s wholly owned subsidiary, Industrial Hemp Manufacturing, LLC (IHM) already has a signed an agreement to purchase 1,500 acres of hemp from BioRegen Innovation Cooperative, a cooperative enterprise of farmers, industry experts and seed breeders. Industrial Hemp Manufacturing, LLC, according to the Letter of Intent (LOI), will purchase the raw hemp that is to be harvested from BioRegen's land in eastern North Carolina, approximately seventy-five miles from Hemp, Inc.'s industrial hemp processing facility in Spring Hope, North Carolina.

According to IHM's COO David Schmitt, the company plans to purchase an additional 1,500 acres of hemp with other North Carolina farmers thus bringing the total hemp acreage to over 3,000 acres and possibly more.

"Now that the infrastructure of our industrial hemp processing facility is in place and the mill portion of it is almost online, we can focus on building the farming infrastructure for industrial hemp including buying the hemp bailer and building greenhouses in both North Carolina and Arizona," said Bruce Perlowin, CEO of Hemp, Inc.

Perlowin is also exploring the possibilities of developing "Hemp Growing Veteran Village Kins Communities" in North Carolina and looking for more land in other states such as Florida and Kentucky to duplicate the 500-acre demonstration community now being built in Arizona. He currently has 2,500 acres (and counting) of land in Kingman, Arizona where he's building a veteran village on 500 of those acres that would consist of 160 lots of 2 1/2 acre parcels for Kins Domains (eco-villages). Each parcel would grow 1 acre of hemp as well as having organic gardens, natural beehives, a pond, a living fence and other elements that make up a Kins Domain.

An additional 100 acres of hemp will be grown in each one of these 500-acre communities. The revenue from fifty of those acres is used to support that community. The revenue from the other fifty acres of hemp will be used to purchase 2 additional 500-acre parcels of land, thus keeping up with the needs of a large number of veterans that exist now and in the future.

Hemp, Inc. will also be providing monthly, one-day educational seminars every month beginning March, 2017. The company has an outstanding lineup of experts from at least a dozen states all over the country, including New York, Virginia, North Carolina, South Carolina, Nevada, Colorado, Oregon and Kentucky. "The Hemp University," as it's called, will educate its attendees on key topics such as transitioning from traditional farming to organic farming, different hemp cultivar strains, how and where to get certified seeds, planting and harvesting industrial hemp, an in depth history of hemp and its many uses, agronomy, permaculture, ecological advantages and many more courses with an ever expanding curriculum.

It will also cover such topics as organic certification, potential licensing fees, what's happening with industrial hemp in different states around America, high CBD strains and different CBD extraction technologies (which will also be installed and showcased at Hemp, Inc. processing facility) and marketability of the crop.

Hemp, Inc.'s commercial, large scale, 70,000 square foot industrial hemp processing facility, on 9 acres of land in Spring Hope, North Carolina is the only one of this magnitude in North America. It is indeed bound to become the mecca of this new clean green agricultural and industrial American revolution.

B. Date and State (or Jurisdiction) of Incorporation:

JANUARY 16, 2008; COLORADO

C. the issuer's primary and secondary SIC Codes;

7380

D. the issuer's fiscal year end date;

DECEMBER 31

E. principal products or services, and their markets;

HEMP, INC.'S PRIMARY FOCUS IS ON INDUSTRIAL HEMP AND MYRIAD OF CLEAN, GREEN SUSTAINABLE PRODUCTS THAT INDUSTRIAL HEMP OFFERS TO THE WORLD.

7) Describe the Issuer's Facilities

THE ISSUER LEASES AN EXECUTIVE OFFICE SPACE ON A MONTH TO MONTH BASIS WHICH IS ADEQUATE FOR ITS CURRENT NEEDS

8) Officers, Directors, and Control Persons

A. Names of Officers, Directors, and Control Persons. In responding to this item, please provide the names of each of the issuer's executive officers, directors, general partners and control persons (control persons are beneficial owners of more than five percent (5%) of any class of the issuer's equity securities), as of the date of this information statement.

BRUCE PERLOWIN, CEO/CFO/CHAIRMAN; CRAIG PERLOWIN, SECRETARY;

B. Legal/Disciplinary History. Please identify whether any of the foregoing persons have, in the last five years, been the subject of:

1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

NONE

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

NONE

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

NONE

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred suspended or otherwise limited such person's involvement in any type of business or securities activities.

NONE

- C. Beneficial Shareholders. Provide a list of the name, address and shareholdings or the percentage of shares owned by all persons beneficially owning more than ten percent (10%) of any class of the issuer's equity securities. If any of the beneficial shareholders are corporate shareholders, provide the name and address of the person(s) owning or controlling such corporate shareholders and the resident agents of the corporate shareholders.

BRUCE PERLOWIN, CEO/CFO/CHAIRMAN (50%)

9) **Third Party Providers**

Please provide the name, address, telephone number, and email address of each of the following outside providers that advise your company on matters relating to operations, business development and disclosure:

Legal Counsel

Name: N/A

Accountant or Auditor

Name: N/A

Investor Relations Consultant

Name: N/A

Other Advisor: Any other advisor(s) that assisted, advised, prepared or provided information with respect to this disclosure statement.

Name: N/A

10) **Issuer Certification**

The issuer shall include certifications by the chief executive officer and chief financial officer of the issuer.

I, BRUCE PERLOWIN, CEO/CFO/CHAIRMAN certify that:

1. I have reviewed this ANNUAL REPORT of HEMP, INC.;
2. Based on my knowledge, this disclosure statement does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this disclosure statement; and
3. Based on my knowledge, the financial statements, and other financial information included or incorporated by reference in this disclosure statement, fairly present in all material respects the financial condition, results of operations and cash flows of the issuer as of, and for, the periods presented in this disclosure statement.

HEMP, INC.
NOTES TO UNAUDITED FINANCIAL STATEMENTS
DECEMBER 31, 2016

Note 1 - Organization and Basis of Presentation

Organization and Line of Business

The "Company" was incorporated on January 16, 2008 in Colorado as Preachers Coffee, Inc. and was given the trading symbol PCIO. On November 11, 2009 the Company changed its name to Marijuana, Inc. On October 10, 2011 the trading symbol was changed to HEMP. Subsequently the name was changed to Hemp, Inc.

Initially, the Company launched a comprehensive network of information, services and products focused on the rapidly emerging medical and recreational marijuana industries and movements. The Company has assembled the components of all encompassing educational, social networking, affinity programs, and distribution networks through internal development, mergers and acquisitions, and joint ventures. These components are being seamlessly integrated into a process designed to take the consumer from curious, to knowledgeable, to a satisfied and loyal community member with a lasting relationship with the Company through education, information, social networking, and product purchases.

After the name change, from Marijuana, Inc. to Hemp, Inc., the company's primary focus shifted to industrial hemp and the myriad of clean, green sustainable products that industrial hemp offers to the world.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principles of Consolidation

These consolidated financial statements include the accounts of the Company's wholly owned subsidiaries. All significant intercompany transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include cash in hand and cash in time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

Securities Held for Sale

On August 15, 2011, ten million five hundred thousand (10,500,000) freely trading shares of Medical Marijuana, Inc., ("MJNA") were exchanged for 307,537,500 shares of the Company's common stock. As of December 31, 2013, all MJNA shares had been sold and any gains or losses had been recognized.

During the Quarter ended March 31, 2014 for services rendered to eight corporate customers the Company received OTC listed equity securities classified as held for sale. The equity securities were recorded by the Company at the closing quotations for an aggregate of \$5,308,115.

On May 21, 2014, the Company entered into a Stock Sale and Purchase Agreement with Bioadaptives Inc. through its wholly owned subsidiary BioSwan, Inc., pursuant to which, the Company agreed to purchase 200,000,000 shares of restricted stock of CleanPath Resources Corp., ("CleanPath") in exchange for 1,057,362 shares of the Company's restricted common stock. The transaction was recorded at the closing price of the CleanPath shares which was lower than the market value of the Company shares on that date. The CleanPath shares were received on that date. The Company issued Preferred K shares in lieu of the common shares called for in the agreement.

Deposits

Deposits are the balances outstanding that have not been redeemed as of the date of the Financial Statements.

Accounts Receivable/Other Receivable

Accounts Receivable are amounts due to the company from sales or services rendered.

Notes Receivable

Notes Receivable are executed contractual obligations to the Company reflecting amounts due for sales or services rendered by the Company.

Property and Equipment

Property and equipment are stated at cost. Expenditures for maintenance and repairs are charged to earnings as incurred; additions, renewals and betterments are capitalized. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and any gain or loss is included in operations. Depreciation of property and equipment is provided using the straight line method over their useful lives.

Inventory

Inventory has been recorded at the lower of cost or fair market value.

Revenue Recognition

The Company's revenue recognition policies are in compliance with SEC Staff Accounting Bulletin ("SAB") 104.

Stock-Based Compensation

The Company accounts for its stock-based compensation in accordance with SFAS No. 123R, "ShareBased Payment, an Amendment of FASB Statement no. 123." The Company recognizes in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees and non-employees.

Income Taxes

The Company utilizes the SFAS No. 109, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are

recognized for the tax consequences in the future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period and based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Basic and Diluted Earnings per Share

Earnings per share are calculated in accordance with the SFAS No. 128 ("SFAS No. 128"), "Earnings per Share." Net earnings per share for all periods presented have been restated to reflect the adoption of SFAS No. 128. Basic earnings per share is based upon the weighted average number of common shares outstanding. Diluted earnings per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. There are convertible shares as discussed in Note 8. There are no options or warrants. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. At this time there are no stock options granted.

Note 3 - Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplates continuation of the Company as a going concern.

Note 4 - Accounts Payable

Accounts payable represent amounts owed to vendors for products and/or services rendered but not yet paid for in full.

Note 5 - Notes Payable

Notes payable was incurred for plant, property, equipment and inventory financing. The president of the Company pledged 23,500,000 shares of the Company's Preferred K stock to further secure this financing. The Company recorded \$951,150 in additional interest expense related to this collateral pledge.

On May 25, 2015 the lender exercised its right to foreclose on a 4,000,000 share Preferred K certificate pledged by the president which triggered debt assumption by the president.

Subsequently issued working capital notes payable were issued pursuant to a continuing financing agreement and are classified as non-current due to repayment characteristics.

The President and major shareholder has entered into a series of personal loans and has advanced the loan proceeds to the Company. He has personally guaranteed these loans and has pledged personal assets to collateralize these loans. Loan proceeds have been used by the Company to purchase the property, plant, and equipment located in North Carolina and to fund the ongoing operations of the Company. The terms of the loans are so draconian the President is continuing to be in "technical default" and as such the Lender immediately forecloses on the President's pledged assets. The advances to the Company classified as Subscriptions Payable as directed by the President.

The Company has continued to use borrowings to fund its business activities through a series of loans with differing terms. The funds advanced against the notes are discounted and the notes bear interest at a stated rate of 12%.

Note 6 - Loans To/From Officers

Loans are stated at par and are represented in aggregate. Such sum represents the loan of funds and/or withdrawal of funds by officers and is not considered revenue to the company, not income to individual officers.

The President and major shareholder has entered into a series of personal loans and has advanced the loan proceeds to the Company. He has personally guaranteed these loans and has pledged personal assets to collateralize these loans. Loan proceeds have been used by the Company to purchase the property, plant, and equipment located in North Carolina and to fund the ongoing operations of the Company. The terms of the loans are so draconian the President is continuing to be in "technical default" and as such the Lender immediately forecloses on the President's pledged assets. The advances to the Company classified as Subscriptions Payable as directed by the President.

Note 7 - Stock Options and Warrants

Pursuant to the financing agreement(s) for the purchase of the decortication plant, land, and equipment the Company issued 10,000,000 Warrants.

Note 8 - Preferred Shares

The company has several types of preferred shares; Preferred A, Preferred, New Preferred, Preferred K, Preferred K(P), and Preferred Q.

Note 9 – Potential Conflicts of Interest

From time to time members of management and or stakeholders may enter into financial arrangements that must be examined to determine if such arrangements pose a conflict of interest that would precipitate the Company intervention.

On the 17th day of April, 2013 Bruce Perlowin (BP) personally entered into a verbal agreement with Diversified Investments, LLC (DI) for software development and analysis of strategic business opportunities, technologies, and products that could be beneficial to Bruce Perlowin. The Company had no involvement whatsoever in the agreement. The agreement called for BP to pay DI 40,000,000 shares of the Company's common stock for the services with the shares fully earned by October 17, 2013. DI completed its obligations under the agreement within the specified time frame and BP completed his obligation under the agreement with the issuance of 40,000,000 shares of HEMP common on April 7, 2014. An examination of this of this arrangement was determined to not pose a conflict of interest.

On December 10, 2014 BP and DI entered into a subsequent consulting agreement for software development and analysis of strategic business opportunities, technologies, and products that could be beneficial to Bruce Perlowin. The Company has no involvement whatsoever in this consulting agreement. The agreement calls for BP to pay DI 10,000,000 shares of the Company's common stock monthly for each month services are rendered. Shares are to be paid in advance and considered fully earned on the first day of each month. An examination of this of this arrangement was determined to not pose a conflict of interest.

Note 10 – Dividends

The Company has not declared or distributed any cash dividends. However, during the year ended December 31, 2013 the Company declared a non-cash dividend in the form 2,000,000 shares of the Common Stock of BioAdaptives, Inc. ("Bio"), held for sale by the Company. Company shareholders received one share of Bio common stock for every 923 shares of Hemp common stock they held as of the record date for the distribution. Bio agreed to issue an additional 5,000 shares as may be required to avoid issuance of fractional shares. The record date for the distribution corresponded to the effective date of the S-1 registration statement filed by Bio which was January 13, 2014.

The Company is considered an “underwriter” within the meaning of the Securities Act of 1933 in connection with this distribution of Bio common shares to its shareholders. The shareholders of the Company receiving shares in the distribution may also be considered underwriters within the meaning of the Securities Act of 1933 in connection with the resale of the distributed shares.

As at the distribution date there was no public market for Bio securities. Since then Bio under the symbol BDPT now trades on the OTC Market.

Note 11 – Decortication Plant

On May 12, 2014, the Company purchased decortication equipment for processing kenaf, a fibrous plant used in industrial, commercial, and consumer applications, and for the anticipated future processing of hemp. On August 7, 2014 the Company acquired a 70,000 square-foot North Carolina factory building on 8 acres to house the decortication equipment along rolling stock and forklifts. The Company’s CEO advanced the \$17,000 to open escrow on the purchase. The Company borrowed \$1,600,000 to finance the purchase of the land, building, equipment and to provide working capital on a long term convertible note payable. The land, building, equipment, and 8,000,000 Preferred K shares are pledged as collateral against the Note. The CEO supplied the 8,000,000 Preferred K shares from his own personal portfolio. The Note further required the Company to issued 5,000,000 Common shares, 10,000,000 five year \$0.10 Common stock warrants, and six amortizing payments of \$296,667 for a total of \$1,760,000 beginning on May 12, 2015. The Note is convertible to Common stock at the election of the Company. The 5,000,000 Common shares issued pursuant to the terms of the Note were recorded as prepaid interest at \$286,000, the closing price of the shares. The Company used the Black Scholes method to calculate the derivative cost of the 10,000,000 Common stock warrants at \$565,771 and was also recorded as prepaid interest.

The President and major shareholder has entered into a series of personal loans and has advanced the loan proceeds to the Company. He has personally guaranteed these loans and has pledged personal assets to collateralize these loans. Loan proceeds have been used by the Company to purchase the property, plant, and equipment located in North Carolina and to fund the ongoing operations of the Company. The terms of the loans are so draconian the President is continuing to be in “technical default” and as such the Lender immediately forecloses on the President’s pledged assets. The advances to the Company classified as Subscriptions Payable as directed by the President.
