Note 1 - Organization and Basis of Presentation

Organization and Line of Business

The “Company” was incorporated on January 16, 2008 in Colorado as Preachers Coffee, Inc. and was given the trading symbol PCIO. On November 11, 2009 the Company changed its name to Marijuana, Inc. On October 10, 2011 the trading symbol was changed to HEMP. Subsequently the name was changed to Hemp, Inc.

The Company is launching a comprehensive network of information, services and products focused on the rapidly emerging medical marijuana industries and movements. The Company continues to assemble the components of this all encompassing educational, social network, affinity program, and distribution network through internal development, mergers and acquisitions, and joint ventures. These components are being seamlessly integrated into a process designed to take the consumer from curious, to knowledgeable, to a satisfied and loyal community member with a lasting relationship with the Company through education, information, social networking, and product purchases.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principles of Consolidation

These consolidated financial statements include the accounts of the Company’s wholly owned subsidiaries. All significant intercompany transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents include cash in hand and cash in time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

Securities Held for Sale

On August 15, 2011, ten million five hundred thousand (10,500,000) shares of Medical Marijuana, Inc., ("MJNA") were exchanged for 307,537,500 shares of the Company's common stock.

On March 28, 2013 the Company received 100,000,000 restricted common shares of CleanPath Resources Corp. (OTC "CLNP") pursuant to an agreement giving CLNP the rights to sell the Company's NutraLoad product.

Property and Equipment

Property and equipment are stated at cost. Expenditures for maintenance and repairs are charged to earnings as incurred; additions, renewals and betterments are capitalized. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and any gain or loss is included in operations. Depreciation of property and equipment is provided using the straight line method over their useful lives.

Inventory

Inventory has been recorded at the lower of cost or fair market value.

Revenue Recognition

The Company's revenue recognition policies are in compliance with SEC Staff Accounting Bulletin ("SAB") 104.

Stock-Based Compensation

The Company accounts for its stock-based compensation in accordance with SFAS No. 123R, "Share Based Payment, an Amendment of FASB Statement no. 123." The Company recognizes in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees and non-employees.

Income Taxes

The Company utilizes the SFAS No. 109, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in the future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period and based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Basic and Diluted Earnings per Share

Earnings per share are calculated in accordance with the SFAS No. 128 ("SFAS No. 128"), "Earnings per Share." Net earnings per share for all periods presented have been restated to reflect the adoption of SFAS No. 128. Basic earnings per share is based upon the weighted average number of common shares outstanding. Diluted earnings per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. There are convertible shares as discussed in Note 8. There are no options or warrants. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. At this time there are no stock options granted.

Note 2 - Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplates continuation of the Company as a going concern.

Note 3 - Accounts Payable

Accounts payable represent amounts owed to vendors for products and/or services rendered but not yet paid for in full.

Note 4 - Loans To/From Officers

Loans are stated at par and are represented in aggregate. Such sum represents the loan of funds and/or withdrawal of funds by officers and is not considered revenue to the Company nor income to individual officers.

The third, Series Q, is convertible to common shares at a ratio of one preferred share to one hundred shares of common.

Note 7 - Significant Events
