A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

What is Hemp, Inc.? Hemp Inc. is a publicly-traded company, founded in 2008, that has grown to become one of the most recognizable global leaders in the industrial hemp industry with an 85,000 square foot multipurpose industrial hemp processing facility in Spring Hope, North Carolina, a 500 acre hemp growing Veteran Village Kins Community in Golden Valley, Arizona, two model "Small Family Hemp Farms" in North Carolina and Arizona, and a hemp Pre-Roll blending and manufacturing facility in Las Vegas, Nevada and a 5,000 square foot retail store (The King of Hemp Store) in Kingman, Arizona.

With bold moves and decisive action taken over the last year, the Company experienced record-breaking revenues for its first, second, and third quarters of 2020. Hemp, Inc. focused most of its resources and personnel on growing and processing a very successful high CBD hemp grow in Southern Oregon as opposed to building a massive infrastructure. Those bold moves and strategic actions yielded great results for the third quarter and have even set the tone for the new year with other products to come with the launch of its King of Hemp<sup>®</sup>, unique and one of kind, CBD product. The line consists of Bubba Kush hemp; Pre-rolls, Fortified Pre- rolls, Caviar/Moon Rocks; and Diamonds.

Sales from Hemp's premium hemp flower, Pre-98 OG Bubba Kush, surpassed its \$2,000,000 groundbreaking milestone.

The Company reached \$2,466,985, up \$2,057,292 from sales reported during the first quarter, after surpassing its first milestone of \$1,000,000.

It has been Hemp, Inc.'s intent to continually invest in building its hemp infrastructure, especially since none existed previously. In fact, the Company has instinctively been following the same path as Amazon... reinvesting profits and operating capital back into building the infrastructure. This is a business strategy that has been proven and works well.

All the years leading up to this point were building and finishing the largest hemp infrastructure in America and now the Company is focusing 90% of its efforts on marketing and generating revenues.

## Hemp, Inc.'s 10 divisions are as follows:

Division One The Industrial Hemp Infrastructure
Division Two The Hemp Farming Infrastructure

Division Three The Hemp Extraction & Pre-Roll Blending Infrastructure

Division FourThe Hemp Educational InfrastructureDivision FiveThe Hemp Marketing InfrastructureDivision SixAccessories Products and Services

Division Seven Research and Development

Division Eight Industrial Hemp Investments and Joint Ventures

Division Nine Industrial Hemp Consulting
Division Ten Educational Entertainment

The Industrial Hemp Infrastructure (Division One) currently consists of its multi-purpose industrial hemp processing facility and milling operation in Spring Hope, North Carolina. It is one of the largest "industrial hemp processing centers" and has grown to become one of the pre-eminent centers of the industrial hemp industry. The 85,000 square foot facility sits on nine acres. It is environmentally sustainable and was built from the ground up, in hopes of "Making America Hemp Again". The North Carolina facility is currently on hiatus from manufacturing products, but is still selling the Company's unique kenafhemp blend, the all-green natural loss circulation material (LCMs), called DrillWall<sup>TM</sup>. The DrillWall<sup>TM</sup> can be sold to the oil and gas drilling industry, along with an all-green natural oil spill absorbent, a second industrial kenaf-hemp product called Spill-Be-Gone<sup>TM</sup>.

#### **Division One Products:**

DrillWall<sup>TM</sup> (a loss circulation material)

Spill-Be-Gone<sup>TM</sup> (an oil spill cleanup product)

Hemp, Inc. is still fulfilling a \$1,000,000 sales agreement, through its subsidiary, Industrial Hemp Manufacturing (IHM), for its DrillWall™. According to CEO, Jim Hancock, the Company executed a sales agreement to sell \$1,000,000 of its DrillWall™ over the course of one year. IHM received its first \$30,000 payment and shipped the first batch of DrillWall™ in December 2019 and another \$60,000 payment was received for the second batch of DrillWall™, in February, 2020 and a \$30,000 payment in March, 2020. Hemp Inc. expects some of the remaining balance from the \$1,000,000 during the third quarter, due to the nationwide pandemic and oil prices plummeting (causing oil drilling in America to halt). Hemp Inc. however, expect sales for its DrillWall™ to increase during the fourth quarter, since the oil industry has recovered. The Company has been notified that \$60,000 of DrillWall™ will be ordered in November. IHM is based in Spring Hope, North Carolina, where DrillWall™ is sold.

## **Division Two – The Hemp Farming Infrastructure**

The Hemp Farming Infrastructure (*Division Two*) consists of hundreds of acres (between Hemp, Inc. and its associates) of hemp and kenaf growing in multiple locations, farm equipment, cloning rooms, clones and seeds, grow rooms, greenhouses, hemp drying facilities and a large amount of peripheral farming tools and equipment. Hemp, Inc. has increased its focus on its agricultural endeavors over the course of four years. In 2020, Hemp Inc., celebrated five years successfully growing hemp.

Hemp, Inc. also has two "Small Family Hemp Farm" models. The "Small Family Hemp Farm" in North Carolina is situated on 12 acres and consists of a cloning room, a greenhouse, and sufficient land to grow 2,000-3,000 high CBD or CBG hemp plants. The model educates farmers on how to grow high CBD and CBG hemp plants, operate a greenhouse and turn a barn into a cloning room with the ability to earn up to \$100,000+ a year.

A model, "Small Family Hemp Farm", is located in Dolan Springs, Arizona. This "Small Family Hemp Farm" is referred to as "The Orchard", since it has a sizable organic orchard. Hemp has been grown on 2 acres. There is also a cloning room, cold storage, and a greenhouse.

In addition, "A to Z" services for the farmers are available, from harvesting to drying, curing, bucking, machine trimming, hand trimming, bagging, storing, nitrogen sparging, and selling, ultimately creating a "one stop shop" for the small to large family farms.

#### **Division Two Products**

The King of Hemp® Pre-Roll Blends, Fortified Pre-Rolls; Bubba Kush Hemp; Caviar/Moon Rocks; and Diamonds and Crumbles (smaller Diamond pieces), High premium CBD flower from the Rogue Valley in Southern Oregon, North Carolina and Arizona

The super-premium King of Hemp<sup>®</sup> pre-rolls use Hemp, Inc.'s A and B hemp colas. The A and B hemp colasare, derived from Oregon-grown Pre-98 OG Bubba Kush, one of the top selling cultivars on the market.

Advocates say Oregon has a uniquely suited climate, politically and agriculturally, to be a dominate player in the fast-growing industry. Hemp Inc.'s grow operation in Oregon, was among the best in the state and yielded some of the highest quality hempcolas on the market.

The King of Hemp<sup>®</sup> pre-roll line offers high-end products that are an effective and flavorful, smokable alternative to cigarettes and other hemp consumption methods.

Consumers can also shop on the newly redesigned website www.kingofhempusa.com for the King of Hemp® pre-rolls and hemp tinctures. Each pre-roll contains a smooth, nearly odorless natural hemp smoke. They are tightly rolled into a filtered cigarette rice paper for the ultimate discreet smoke. Many users have said the King of Hemp® pre-rolls present a calming experience, perfect for alleviating feelings of anxiousness and gaining mental clarity. It contains .3% or less THC so it's federally legal nationwide.

Hemp, Inc. is also hosting the 2021 Hempathon at the Veteran Village Kins Community in Arizona. Contestants are growing one acre of hemp in a contest with other growers from around the country. Hemp, Inc. is providing land, water, security, and live streaming video coverage for participants. The Hempathon entry fee is \$5,000 and a 50/50 revenue split. Winners of the Hempathon will share in several awards and prizes of up to \$50,000.

The Veteran Village Kins Community in Arizona has six domes and the overnight RV camping sites be set up, so people can stay on the land during the Hempathon grow. Live streaming video cameras will also be in place so the world can watch the "The Great American Hempathon", in real time.

Also, as part of the Hempathon, Hemp, Inc.'s Hemp Academy (Arizona) will offer classes in one of its geodesic domes during the Hempathon, which will include hemp experts, product developers, field trips to the grow area and more. This hands-on, interactive, educational experience is the chance of a lifetime for people to learn about this new emerging multibillion-dollar industry from hemp industry experts.

## Division Three - The Hemp Extraction & Pre-Roll Blending Infrastructure

The Hemp CBD Oil Extraction & Pre-Roll Blending Infrastructure (*Division Three*) is primarily focused on the King of Hemp<sup>®</sup> Pre-Roll Blends, Fortified Pre-Rolls; Bubba Kush Hemp; Caviar/Moon Rocks; and Diamonds and Crumbles (smaller Diamond pieces) and The King of Hemp<sup>®</sup> high CBD smokable flower. The CBD oil that was extracted from the 2018 hemp grows in North Carolina has been made into pure crystalline CBD isolate which was added to the Company's "King of Hemp<sup>®</sup>" branded line of pre-rolls that are now in the marketplace across all 50 states.

In lieu of building its own extraction laboratories, Hemp, Inc. plans to utilize the facilities of other labs in the industry, when needed, to manufacture its own line of CBD oil products. With 150 different cannabinoids, over 300 terpenes and more of each being discovered almost monthly, the product range and possibilities in this area are endless.

# Division Four - The Hemp Educational Infrastructure

The Hemp Educational Infrastructure (*Division Four*) includes Hemp, Inc.'s **Hemp University** which focuses on educating and empowering Hemp farmers and entrepreneurs with knowledge, processing, infrastructure and support. The **educational seminars**, through the Hemp University, are held periodically (as needed). These seminars are to teach farmers and landowners how to create a profitable income stream by maximizing the per-acre crop revenue. Through this division, Hemp, Inc. has trained well over 500 farmers in its first two years by doing a total of nine Hemp University seminars in North Carolina and Oregon.

The Hemp University has helped transform the livelihoods of North Carolina and Oregon farmers transitioning from tobacco and other crops to industrial hemp by providing them with the tools and support needed to gain a foothold in this burgeoning industry.

## **Division Five - The Hemp Marketing Infrastructure**

Hemp, Inc. believes there must be a keen focus on its marketing infrastructure. The demand for CBD, CBG and other hemp products is massive. To supply that type of volume/demand being experienced, there needs be a strong foundation or infrastructure in place. While Hemp, Inc. continues to grow a rock-solid Hemp Marketing Infrastructure, this infrastructure must be able to support a meteoric industry growth. The cannabidiol (CBD) market is on track to grow to \$23.7 billion through 2023, according to the Brightfield Group. Hemp Industry Daily currently values the smokable hemp market worth up to \$80 million for 2020, with fivefold growth predicted. Also, according to Hemp Industry Daily, "Nielsen projects that total sales of hemp-derived CBD consumer products in the U.S. for 2020 will be \$1.7 billion to \$2 billion. The average of that range, \$1.85 billion, would represent a 54% increase in sales from 2019 to 2020."

In late January 2020, the first King of Hemp Store<sup>TM</sup> had a soft launch in Kingman, Arizona. This 5,000 square foot Wells Fargo bank building is in the heart of Old Town Kingman, next to historic Route 66 and will showcase everything hemp, including the KOH pre-roll line, flower, tinctures, health and beauty products and Hemp Blue's hemp denim jeans (www.hempblue.com). The retrofitted, once Wells Fargo Bank building, will also retain the working vault.

The company has also recently joint-ventured with the retail store "Hemp Healthcare", in Dolan Springs, Arizona, to sell high-end cannabidiol (CBD) and hemp-based products. "Hemp Healthcare" is home to an array of renowned CBD and hemp

products, including Hemp, Inc.'s cosmetic and wellness line, that includes shampoos, conditioners, lotions, candles and more. The retail storefront is in a highly trafficked tourist area. Specifically located on Pierce Ferry Road, "Hemp Healthcare" is next to "Dolan Station", a location that welcomes numerous tour buses daily with visitors from around the world that stop there on trips to the Grand Canyon. On some days, pre-COVID-19, up to 40 tour buses stop at this location.

#### Division Six - Accessories, Products and Services

Division Six (currently not active) will focus on the sale of hemp industry accessories such as the sale of extractors, harvesters, storage bags, containers, fertilizer, soil amendments, humidifiers, dehumidifiers, balers, greenhouses, and greenhouse equipment; the drying, trimming, curing, storing and brokering for other farmers harvesting hemp and ultimately anything else a hemp farmer may need to be successful.

#### **Division Seven – Research and Development**

Research and Development has been an integral part of Hemp, Inc. since day one and a more formal research and development project is planned for 2021. The Company originally planned for Puerto Rico to be a research and development hub, but found the barrier to entrance was much too great and has therefore changed its position to focus its research and development division on states where hemp is already legal.

#### Division Eight - Industrial Hemp Investments and Joint Ventures

Hemp, Inc. established its eighth division (Industrial Hemp Investments and Joint Ventures). Since the passing of the 2018 hemp bill, Hemp, Inc. has been flooded with inquiries of people who want to invest in the hemp industry but do not know where to start. As the avant-guard of the industrial hemp industry, Hemp, Inc. has put together numerous joint venture investment opportunities for the medium to large-scale investor. Institutional investors and in some cases billionaires and billion-dollar hedge fund managers, are aggressively trying to get into the hemp industry, since the passing of the 2018 Farm Bill. Our joint venture agreements are, they put up the money and we put up the expertise in a 50/50 revenue share, after all the initial investment money is paid back. This will save the large-scale hemp investor often two years and dozens of multimillion-dollar mistakes, that they "WILL" often make without an expert in the hemp industry.

#### **Division Nine - Industrial Hemp Consulting**

Hemp, Inc.'s Industrial Hemp and Medical Marijuana Consulting Company (IHMMCC) was recently restructured, as its ninth division and is now "Division Nine - Industrial Hemp Consulting". With an influx of public companies wanting to expand into the industrial hemp industry, Hemp, Inc. has received numerous potential consulting agreements. To keep up, Hemp, Inc. revamped its consulting division to work hands-on with each company to provide its years of expertise. There is a sense of a "Community of Companies" whereby companies are working together to pool their resources, marketing connections and strategies in order to grow simultaneously.

Typically, companies seeking in depth consulting services from Hemp, Inc., pay mostly in stock, since cashflow is often times tight during the developmental stage of companies in this industry. Through Hemp, Inc.'s Division Nine – Industrial Hemp Consulting, a wide range of services are forged from the experiences of creating the first publicly traded company in the cannabis sector (Medical Marijuana, Inc.) and having over a decade of experience in the industrial hemp industry's public sector.

## Division Ten - Educational Entertainment

Hemp, Inc.'s newest division, Educational Entertainment, will cover everything from investing in the movie "The Adventures of the King of Pot" (https://www.kingofpotthemovie.com/) and other historical movies, books and documentaries, representing our industry, up to the current docuseries being made on "The Modern-Day History of Hemp".

## **VETERAN VILLAGE KINS COMMUNITIES**

The company's 500-acre strategic growing partner, Veteran Village Kins Community in Golden Valley, Arizona,is designed to grow hemp and produce CBD and CBG products, to benefit veterans, as well as generate revenue for Hemp, Inc., the Veteran Village and individual veterans living in the community.

The Veteran Village Kins Community in Arizona has completed its final site plan blueprints for its 36 of the 500 acre site in Golden Valley, Arizona (20 miles north of Kingman, AZ and 90 minutes from Las Vegas, NV). The site plan was submitted to the Mohave County Building Department, for final review. The Company completed the final phase of the necessary infrastructure, to support an off-grid, renewable, energy systems. The Company also expects to build hemp-growing communities for other groups, such as "Abused" Women & Children Village Kins Communities, the "Orphans" Village Kins Communities, "Homeless" Village Kins Communities, the "Healers" Village Kins Communities (the healers are professionals who are knowledgeable in the modalities to treat these traumatized groups) and a community to "Heal the Healers" called Heal the Healers Village Kins Community Arizona. These particular communities are all synergistically aligned to work simultaneously supporting each other.

The "Veteran Village Kins Community" is looking into a 100,000-square foot GMP compliant, central processing plant, a state-of-the-art testing laboratory and various health and wellness centers to support veterans who may have psychological, emotional or health issues.

#### 6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Hemp, Inc. owns and operates an 85,000 square foot multi-purpose industrial hemp processing facility and milling operation on 9 acres, in Spring Hope, North Carolina. It is the largest "industrial hemp processing center" in the western hemisphere and has grown to become one of the preeminent centers of the industrial hemp industry. With a patent pending manufacturing process, the North Carolina facility processes millions of pounds of its unique kenaf-hemp blend to manufacture all-green natural loss circulation material (LCMs), called <u>DrillWall™</u>, that is to be sold to the oil and gas drilling industry. The Company also produces an all- green natural oil spill absorbent kenaf-hemp product called <u>Spill-Be-Gone™</u>. In addition to Hemp, Inc.'s industrial hemp processing facility and milling operation on 9 acres, the Company also rents 50 acres adjacent to the plant where it grows hemp and kenaf, for its DrillWall™ and Spill-Be-Gone™ products.

In addition to the company's industrial hemp processing facility in Spring Hope, North Carolina, Hemp, Inc. also rents one of the most sophisticated local processing centers (LPC) in the Medford, Oregon area. It is a 55,000 square foot building in White City, Oregon. This LPC focuses on hemp harvesting, drying, curing, trimming, bagging, storing and in some cases selling high CBD hemp for local farmers and the Company's own hemp grows in that area and post processing for the CBD industry. Hemp, Inc. also rents a 2,000 square foot office building on the same property.

During late January 2020, Hemp, Inc. had a soft launch for its King of Hemp Store™ in Kingman, Arizona. The store occupies a 5,000 square foot Wells Fargo bank building, located in the heart of Old Town Kingman, next to the historic Route 66 and will showcase a large variety of hemp products.

Hemp, Inc. also has two "Small Family Hemp Farm" models. The "Small Family Hemp Farm" in North Carolina is situated on 12 acres and consists of a cloning room, a greenhouse and enough land to grow 2,000-3,000 high CBD hemp plants. The model shows farmers how to grow high CBD hemp plants, operate a greenhouse and turn a barn into a cloning room, to earn up to \$100,000+ a year. This reflects an example of how the "Small Family Hemp Farm" can be duplicated and reappear on the American landscape.

Hemp, Inc.'s other "Small Family Hemp Farm" is located Dolan Springs, Arizona. This "Small Family Hemp Farm" is referred to as "The Orchard" since it has a sizable organic orchard. There are 2 acres on which hemp will be grown on, a cloning room, cold storage and greenhouses that are currently being installed.

## 7) Company Insiders (Officers, Directors, and Control Persons)

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

Using the tabular format below, please provide information, as of the period end date of this report, regarding any person or entity owning 5% of more of any class of the issuer's securities, as well as any officer, and any director of the company, or any person that performs a similar function, regardless of the number of shares they own. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity in the note section.

#### HEMP, INC.

#### NOTES TO UNAUDITED FINANCIAL STATEMENTS

## **September 30, 2021**

#### Note 1 - Organization and Basis of Presentation

#### Organization and Line of Business

The "Company" was incorporated on January 16, 2008 in Colorado, as Preachers Coffee, Inc. and was given the trading symbol PCIO. On November 11, 2009, the Company changed its name to Marijuana, Inc. On October 10, 2011, the trading symbol was changed to HEMP. Subsequently the name was changed to Hemp, Inc.

Initially, the Company launched a comprehensive network of information, services and products focused on the rapidly emerging medical and recreational marijuana industries and movements. The Company has assembled the components of all-encompassing educational, social networking, affinity programs and distribution networks through internal development, mergers and acquisitions and joint ventures. These components are being seamlessly integrated into a process designed to take the consumer from curious, to knowledgeable, to a satisfied and loyal community member with a lasting relationship with the Company through education, information, social networking and product purchases.

After the name change, from Marijuana, Inc. to Hemp, Inc., the Company's primary focus shifted to industrial hemp and the myriad of clean, green sustainable products that industrial hemp offers to the world.

## **Basis of Presentation**

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# **Principles of Consolidation**

These consolidated financial statements include the accounts of the Company's wholly owned subsidiaries. All significant intercompany transactions have been eliminated.

#### **Cash and Cash Equivalents**

Cash and cash equivalents include cash in hand and cash in time deposits, certificates of deposit and all highly liquid debt instruments with original maturities of three months or less.

#### **Securities Held for Sale**

The Company owns a portfolio of marketable securities held for sale, acquired directly from the issues in payment for providing consulting services and or direct purchase from the issuer. The portfolio is evaluated from time to time and the carrying value is adjusted in accordance with the "Mark to Market" procedure.

## **Deposits**

Deposits are the balances outstanding that have not been redeemed as of the date of the financial statements.

#### Accounts Receivable/Other Receivable

Accounts Receivable are amounts due to the company from sales or services rendered.

#### **Notes Receivable**

Notes Receivable are executed contractual obligations to the Company reflecting amounts due for sales or services rendered by the Company.

#### **Property and Equipment**

Property and Equipment are stated at cost. Expenditures for maintenance and repairs are charged to earnings as incurred; additions, renewals and betterments are capitalized. When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts and any gain or loss is included in operations. Depreciation of property and equipment is provided using the straight-line method, over their useful lives.

#### Inventory

Inventory has been recorded at the lower of cost or fair market value.

#### **Revenue Recognition**

The Company's Revenue Recognition policies are in compliance with SEC Staff Accounting Bulletin("SAB") 104.

#### **Stock-Based Compensation**

The Company accounts for its Stock-Based compensation in accordance with SFAS No. 123R, "Share Based Payment, an Amendment of FASB Statement no. 123." The Company recognizes in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees and non-employees.

## **Income Taxes**

The Company utilizes the SFAS No. 109, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in the future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period and based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

# **Basic and Diluted Earnings per Share**

Earnings per Share is calculated in accordance with the SFAS No. 128 ("SFAS No. 128"), "Earnings per Share." Net earnings per share for all periods presented have been restated to reflect the adoption of SFAS No. 128. Basic earnings per share is based upon the weighted average number of common shares outstanding. Diluted earnings per share is

based on the assumption that all dilutive convertible sharesand stock options were converted or exercised. There are convertible shares as discussed in Note 8. There are no options or warrants. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. At this time there are no stock options granted.

#### Note 3 - Going Concern

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, which contemplates continuation of the Company is a going concern.

There are material uncertainties that may cast significant doubt upon the entity's ability to continue as a going concern.

## Note 4 - Accounts Payable

Accounts Payable represent amounts owed to vendors for products and/or services rendered but not yet paid for in full.

#### Note 5 - Notes Payable

Notes Payable was incurred for plant, property, equipment and inventory financing. The president of the Company pledged 23,500,000 shares of the Company's Preferred K stock to further secure this financing. The Company recorded \$951,150 in additional interest expense related to this collateral pledge.

On May 25, 2015, the lender exercised its right to foreclose on a 4,000,000 share Preferred K certificate pledged by the president, which triggered debt assumption, by the president.

Subsequently issued working capital note payables were issued pursuant to a continuing financing agreement and are classified as non-current, due to repayment characteristics.

The President and major shareholder has entered a series of personal loans and has advanced the loan proceeds to the Company. He has personally guaranteed these loans and has pledged personal assets to collateralize these loans. Loan proceeds have been used by the Company to purchase the property, plant, and equipment located in North Carolina and to fund the ongoing operations of the Company. The terms of the loans are so draconian, the President is continuing to be in "technical default" and as such, the Lender immediately forecloses on the President's pledged assets. The advances to the Company classified as Subscriptions Payable, as directed by the President.
